

## 5 and 10 litres cans AdBlue®

## Dureal. AdBlue Delivered.

To ensure that operators do not run out of AdBlue on the road, Dureal 5 Litre and 10 Litre packs are the ideal emergency solution. The Dureal cans fulfil this specific need and are a necessary service product for your customers.

The 5 and 10 Litres facilitate a truck driving distance of 300 and 600 kilometres respectively. Their compact size makes it possible to store them in the truck cab or locker for that unlikely emergency. The cans are ergonomically designed and carry an integrated spout, enabling safe filling of the AdBlue tank. The cans are designed to be stackable.
